EXPERIENCE

Ecolab

Design Manager

11/2024 - 05/2025 Bangalore, India

- Led a global team of 7 designers working across 4 product verticals including water treatment and food & beverages.
- Scaled Ecolab's design system company-wide, improving consistency, reducing design redundancy and accelerating delivery by 20%.
- Embedded UX into agile sprints, guiding product managers and developers in user-centered thinking.
- Built DesignOps framework to streamline tools, workflows, and design-engineering collaboration.
- Presented DesignOps strategy to Product Owners and Design Directors, securing approval for dedicated time and resources.
- Improved design-to-development handoff efficiency by 25% through standardized workflows.

Experience Design Consultant

Senior UX Designer

08/2023 - 11/2024 Bangalore, India

- Conducted design reviews, identifying usability issues and aligning products with best-in-class UX.
- Designed user flows, wireframes, and high-fidelity prototypes for clients across healthcare, insurance, and consumer tech.
- Facilitated co-creation workshops to prioritize features and align stakeholder vision with user needs.
- Guided the development of scalable design systems and product roadmaps.

McKinsey & Company

Associate Design Director

02/2022 - 08/2023 Bangalore, India

- Designed a secure mobile commerce platform for agricultural transactions (MAARS), securing payment flows by two-factor authentication and transactions for 10,000+ farmers.
- Conducted research and concept design for an investment product for a global bank entering India, presented the outcome to Partner & C-suite executives.
- Part of UN global Design for Good team advancing Sustainability Goals.
- Defined MAARS MVP roadmap for 3 months by facilitating co-creation workshops. App launch enabled access for 10,000+ farmers.
- Presented investment platform strategy to Partners and C-suite executives which secured initial round of \$2M in funding.

Kayrros

Principal UX Designer

11/2020 - 01/2022 Bangalore, India / Paris, France

- Designed environmental monitoring suite that used satellite and drone data for predictive analysis.
- Built a cross-platform Design System (web, mobile, desktop) for environmental monitoring tools, ensuring consistency across 7 products.
- Collaborated with developers in India and France to translate designs into intuitive dashboards.

SUMMARY

Strategic UX Leader with 15+ years of experience designing cross-platform products (Android, iOS, web) for Fortune 500 clients.

- Led global teams to deliver secure, user-centric solutions in fintech, healthcare, and enterprise SaaS.
- Expert in DesignOps, Design Systems, and integrating UX into Agile workflows.
- Proven success in collaborating with engineers to overcome technical constraints and ship scalable products.
